

WOMEN IN MATHEMATICS AND SCIENCE

Research the life of a woman who has made a significant contribution to the world of science or mathematics. This woman can be a past or present day mathematician or scientist.

Refer to the postings in the classroom for a list of suggested names of famous women. You are not limited to the names on the list. Use at least two references for the research.

RESEARCH

Summarize the woman's life with the following information:

- * date and place of birth
- * date and place of death (if applicable)
- * family history
- * school experience
- * the specific mathematics or science achievement(s) attributed to her

PROJECT

Cut out two different sized ovals using two different colors. Glue one oval on top of the other. Draw a portrait of the woman and glue that in the center of the oval. (Copied or scanned pictures are not acceptable). Below the picture, write her name. Attach the summary under her name. On the reverse side include the bibliography.
